Family MATH NIGHT

Parents are invited to join their children as they travel through Publix solving real world math problems.

Publix at Sango Square
January 16, 2020
5:00 pm-7:00 pm

Come and join us for Family Math Night. As students arrive, they will enter their names in a drawing. There will be two separate drawings: one for Kindergarten through 2nd grades and one for third through fifth grades. (The winners will be drawn on Friday morning during News Crew.) Once students have signed in, they will receive a set of real world problems. Parents will accompany students as they venture through the store to solve the problems.

It's COOL to be in SCHOOL! ATTENDANCE MATTERS

Every minute of every day is important. Please help us as we encourage students to be at school each and every day. There is a reward for the grade level with the highest percentage of days present.
