THIS WEEK'S HEADLINES

HOTSPOTS NEEDED

When the district announced that parents had the option to select traditional or virtual school for their students, there were lots of unknowns and questions. In order to be prepared for virtual learning, many families requested a district-issued hotspot because they were concerned about their internet capability at their homes. Now that we have been in school for six weeks and most of the technology and connectivity issues have been resolved, we are asking you to review your need for the hotspot you requested. Many of the requested hotspots have never been turned on and some of the students who needed a hotspot initially, have returned to traditional school. There is now a waiting list of students across the district who are in need of hotspots. If you have a district-issued hotspot that you are not using or do not need, please bring it to the school so we can get it into the hands of students who need them.
