## TCAP *Testing Schedule Released*

During the week of April 18-22, third-fifth grade students will participate in state testing. This testing, known as TCAP, is used to determine student mastery of grade level standards. We are very confident that our students are going to do quite well. The students and teachers have worked very hard this year, and this is their time to shine. Also, this is a great opportunity for parents to come and volunteer to proctor. We are looking for several volunteers who are available from 8-11:15. You may volunteer for 1, 2, 3, or all 4 days. We will be sending home a form for you to complete if this is something you are interested in helping us out with.
